#IDENTIFYEVROPA : VIRULENT RACIST, WHITE NATIONALIST “MARY JUNE VOSS – SC” EXPOSED!

24. APRIL 2019 | AVLANTIRACISM

The CHUD of Cheraw, Pt. 2:

Recently, we reported on the “John Wesley SC” member of **American Identity Movement (AmIM)**- which is a recent, stale rebranding of the violent, SPLC-designated hate group **Identity Evropa (IE)**. Utilizing the trove of Discord chat logs released to the public by the journalists at Unicorn Riot, we provided the details of our findings proving “JohnWesley” is in fact **Joshua Keith Williams** of Cheraw, South Carolina.

Today we bring you the other half of the disgustingly, and sadly, bigoted William’s household. ***Meet Terry Nicole Ritz Williams of Cheraw, South Carolina.*** Terry is the longtime wife and partner of Joshua Keith Williams, but has her own separate levels of involvement and promulgation of white supremacy, racism, and ethno-nationalism that needs it’s own addressing.

@Deleted User thanks for the support and getting me in this fine organization. I am @John Wesley-SC wife.

Terry Williams posts in the leaked discord server **under the alias “MaryJuneVoss-SC”**, and while she only posts 18 messages she sure tells a lot about herself. Her very first message proclaims her gratitude for entering into the organization- which is best known for it’s **key organizing and participation** in the **violent white supremacist rally in Charlottesville, VA back in 2017**. Before ending the message there, “MaryJuneVoss” blabs, “I am @John Wesley-SC wife”. A simple stroll through family photos acquired in our intel gathering on Joshua Williams readily reveal Terry Ritz Williams as the racist mouth behind the keyboard of “MaryJuneVoss-SC”.

Some of Terry William’s other messages that stick out rather sorely are her racist rants. Like we see all too often, the narrative is non-nonsensical and the vitriolic, buffoonish racism is all we’re left with.

@NCSC dArkeees don't like the mountains. That is exactly why I prefer mountains vs beach. My husband and I went to the beach 2 hrs from us and it wasn't long after everyone got their tax checks. Of course except for us bc we pay in. He wanted to eat seafood. EVeRy Freaking seafood place was packed and had lines of those ppl out the door. It was ridiculous!

Another time we went to the nearest metropolitan from where we live. Decided to eat breakfast bc it was so early. It was a buffet breakfast. As soon as they brought food out, all of those 'kinds' of people swarmed the buffet. People literally pushed me out the way to break in line. Children were digging In The buffet and one child looked like she had peed all over herself. I actually felt bad for the children bc apparently they were hungry. But no manners. We left only paying for our drinks.

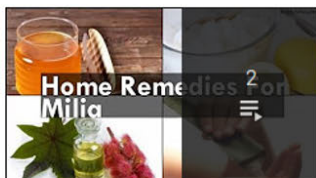

Later on, Terry Williams can be seen sharing a petition pleading the US government to address the widely propagated myth of “white genocide” in reference to debunked myths of Afrikaner farmers being murdered that somehow make the wild mental leap of equating land redistribution with race war. This is one of the most popularized examples of dangerous misinformation that spurs on the impressionable minds of often young, disaffected white men who we then see go on to commit mass murders believing these lies.

Terry Ritz Williams follows the lead of her hyper-active yet underachieving fascist husband Joshua Keith Williams with how she goes about furthering her involvement in white supremacist circles. First, it didn't take long to find her youtube channel under the same moniker of “Mary June Voss” riddled with the likes of [anti-feminist clunker David Rubin](#) and violent racist leader of the [Nazi-magnet English Defence League](#), [Tommy Robinson](#).

Terry goes further with her close involvement with the Sandhills Kindred of the Asatru Folk Assembly (AFA), headed up by the Hester family just over the border in North Carolina. AFA [sets itself aside from non-racist pagan churches by claiming these gods belong solely to white European descendants](#). Many Asatru churches have denied the validity of AFA and other racially charged groups by banding together under the name [“Heathens United Against Racism” \(HUAR\)](#) and [The Asatru Community \(TAC\)](#). Together over 100 groups have signed [“Declaration 127”](#) denouncing any heathen churches that promote hatred and bigotry, such as AFA.

Terry confirms her job and profession on social media, sharing posts that literal advertisements for the **work she does for Embrace Hospice** serving the larger Bennettsville and Cheraw areas of South Carolina. Social media also works to confirm her birthday, which is easily verifiable via voter records.

We refuse to cede space to any bigoted, white nationalist fucks like Terry and Josh Williams. We will continue to air out their personal details with the intention of creating community self-awareness that can better stand up to the hate CHUDs like these seek to spread.
